Our Core Values

At CORAS Wellness & Behavioral Health, everything we do is guided by our commitment to dignity, compassion, and hope.

Compassionate Care

We treat every individual and family with empathy, respect, and understanding.

Personalized Treatment

Each person’s recovery journey is unique — we tailor programs to meet individual needs.

Family & Community Focus

Healing extends beyond the individual; we strengthen families and communities through therapy and support.

Accessibility for All

We ensure care is available to everyone — with outpatient, residential, mobile, and virtual options.

Integrity & Trust

We provide confidential, safe, and professional services you can rely on.

Empowerment & Growth

We believe every person has the strength to achieve independence, wellness, and a better quality of life.

Who We Are

CORAS is making a difference in Delaware.

CORAS provides drug and alcohol addiction treatment services for individuals and families seeking recovery from substance use disorders. Our programs are designed to support lasting change through individualized care, dignity, and a commitment to helping each person build a healthier, more independent life.

Hear From Those Who've Found Hope

Our patients' journeys inspire us every day. Read real stories from individuals and families who have experienced transformation and healing through CORAS' compassionate, evidence-based care.

★★★★★

"The residential program at CORAS provided a safe and supportive environment when I needed it most. The counselors helped me understand my triggers, and the therapy sessions strengthened my coping skills. I finally feel in control of my life again."

Sarah T.
Newark, DE

★★★★★

"I was worried about balancing treatment with my daily responsibilities, but the outpatient program made it possible. The flexibility and understanding of the CORAS team made all the difference, and I've seen real progress in my recovery journey."

David L.
Dover, DE

★★★★★

"As a mother, I wanted help not only for my daughter but also for our entire family. The family therapy program at CORAS helped us rebuild trust, communicate effectively, and resolve long-standing conflicts. The therapists were guiding us every step of the way."

Emily R.,
Millsboro, DE

Are you Ready to Take the First Step?

The journey to recovery, balance, and a healthier, happier life starts with a single step. At CORAS, our compassionate treatment professionals are here to guide you every step of the way. Reach out today and take the first step toward lasting change.

Frequently Asked Questions

What is Medication Assisted Treatment (MAT)?

Medication Assisted Treatment or MAT is the use of medications, such as Methadone, Buprenorphine, or Vivitrol, in combination with therapy to provide a "whole-patient" approach to the treatment of substance use disorders such as opioid use disorder and alcohol use disorder.

What time do I have to be there for intake?

Can I do an intake at one site but go to another site for dosing?

Aside from MAT, what other treatment can I receive?

Beyond MAT, CORAS provides residential drug rehab, PHP, IOP, outpatient substance use treatment, and DUI & Alcohol Education programs. These services are supported by counseling, peer support, and coordinated care to promote long-term recovery.

Where can I go for DETOX?

I'm a current client who needs a higher level of care. How can I get help?

Do I need to provide my medical records?

Do you have a fee schedule?

What days are MAT intake?

What will I need to bring with me on intake day?

Can I guest dose at another site while on vacation or visiting family?

Do you offer housing services?

How can I verify my medication dose?

Does CORAS provide transportation to service appointments?
