

Technology, *Rebuilt* for You. That's Redux.

Systems designed for you—secure, scalable, and truly supportive. Whether you're a busy business or a growing practice, modern IT adapts to your workflow and scales with you. Stay focused on what matters while everything else runs exactly the way it should.

IT, reimagined for how you work.

Solutions for Every Need

Managed IT Services

Tech should never slow you down. We handle it all—proactive monitoring, updates, maintenance, and rapid-response support—so your systems stay secure and your team stays focused.

Procurement

No more guesswork or overpriced equipment. We handle it all—from sourcing and vendor negotiations to deployment and setup—so you get the right tools at the right price.

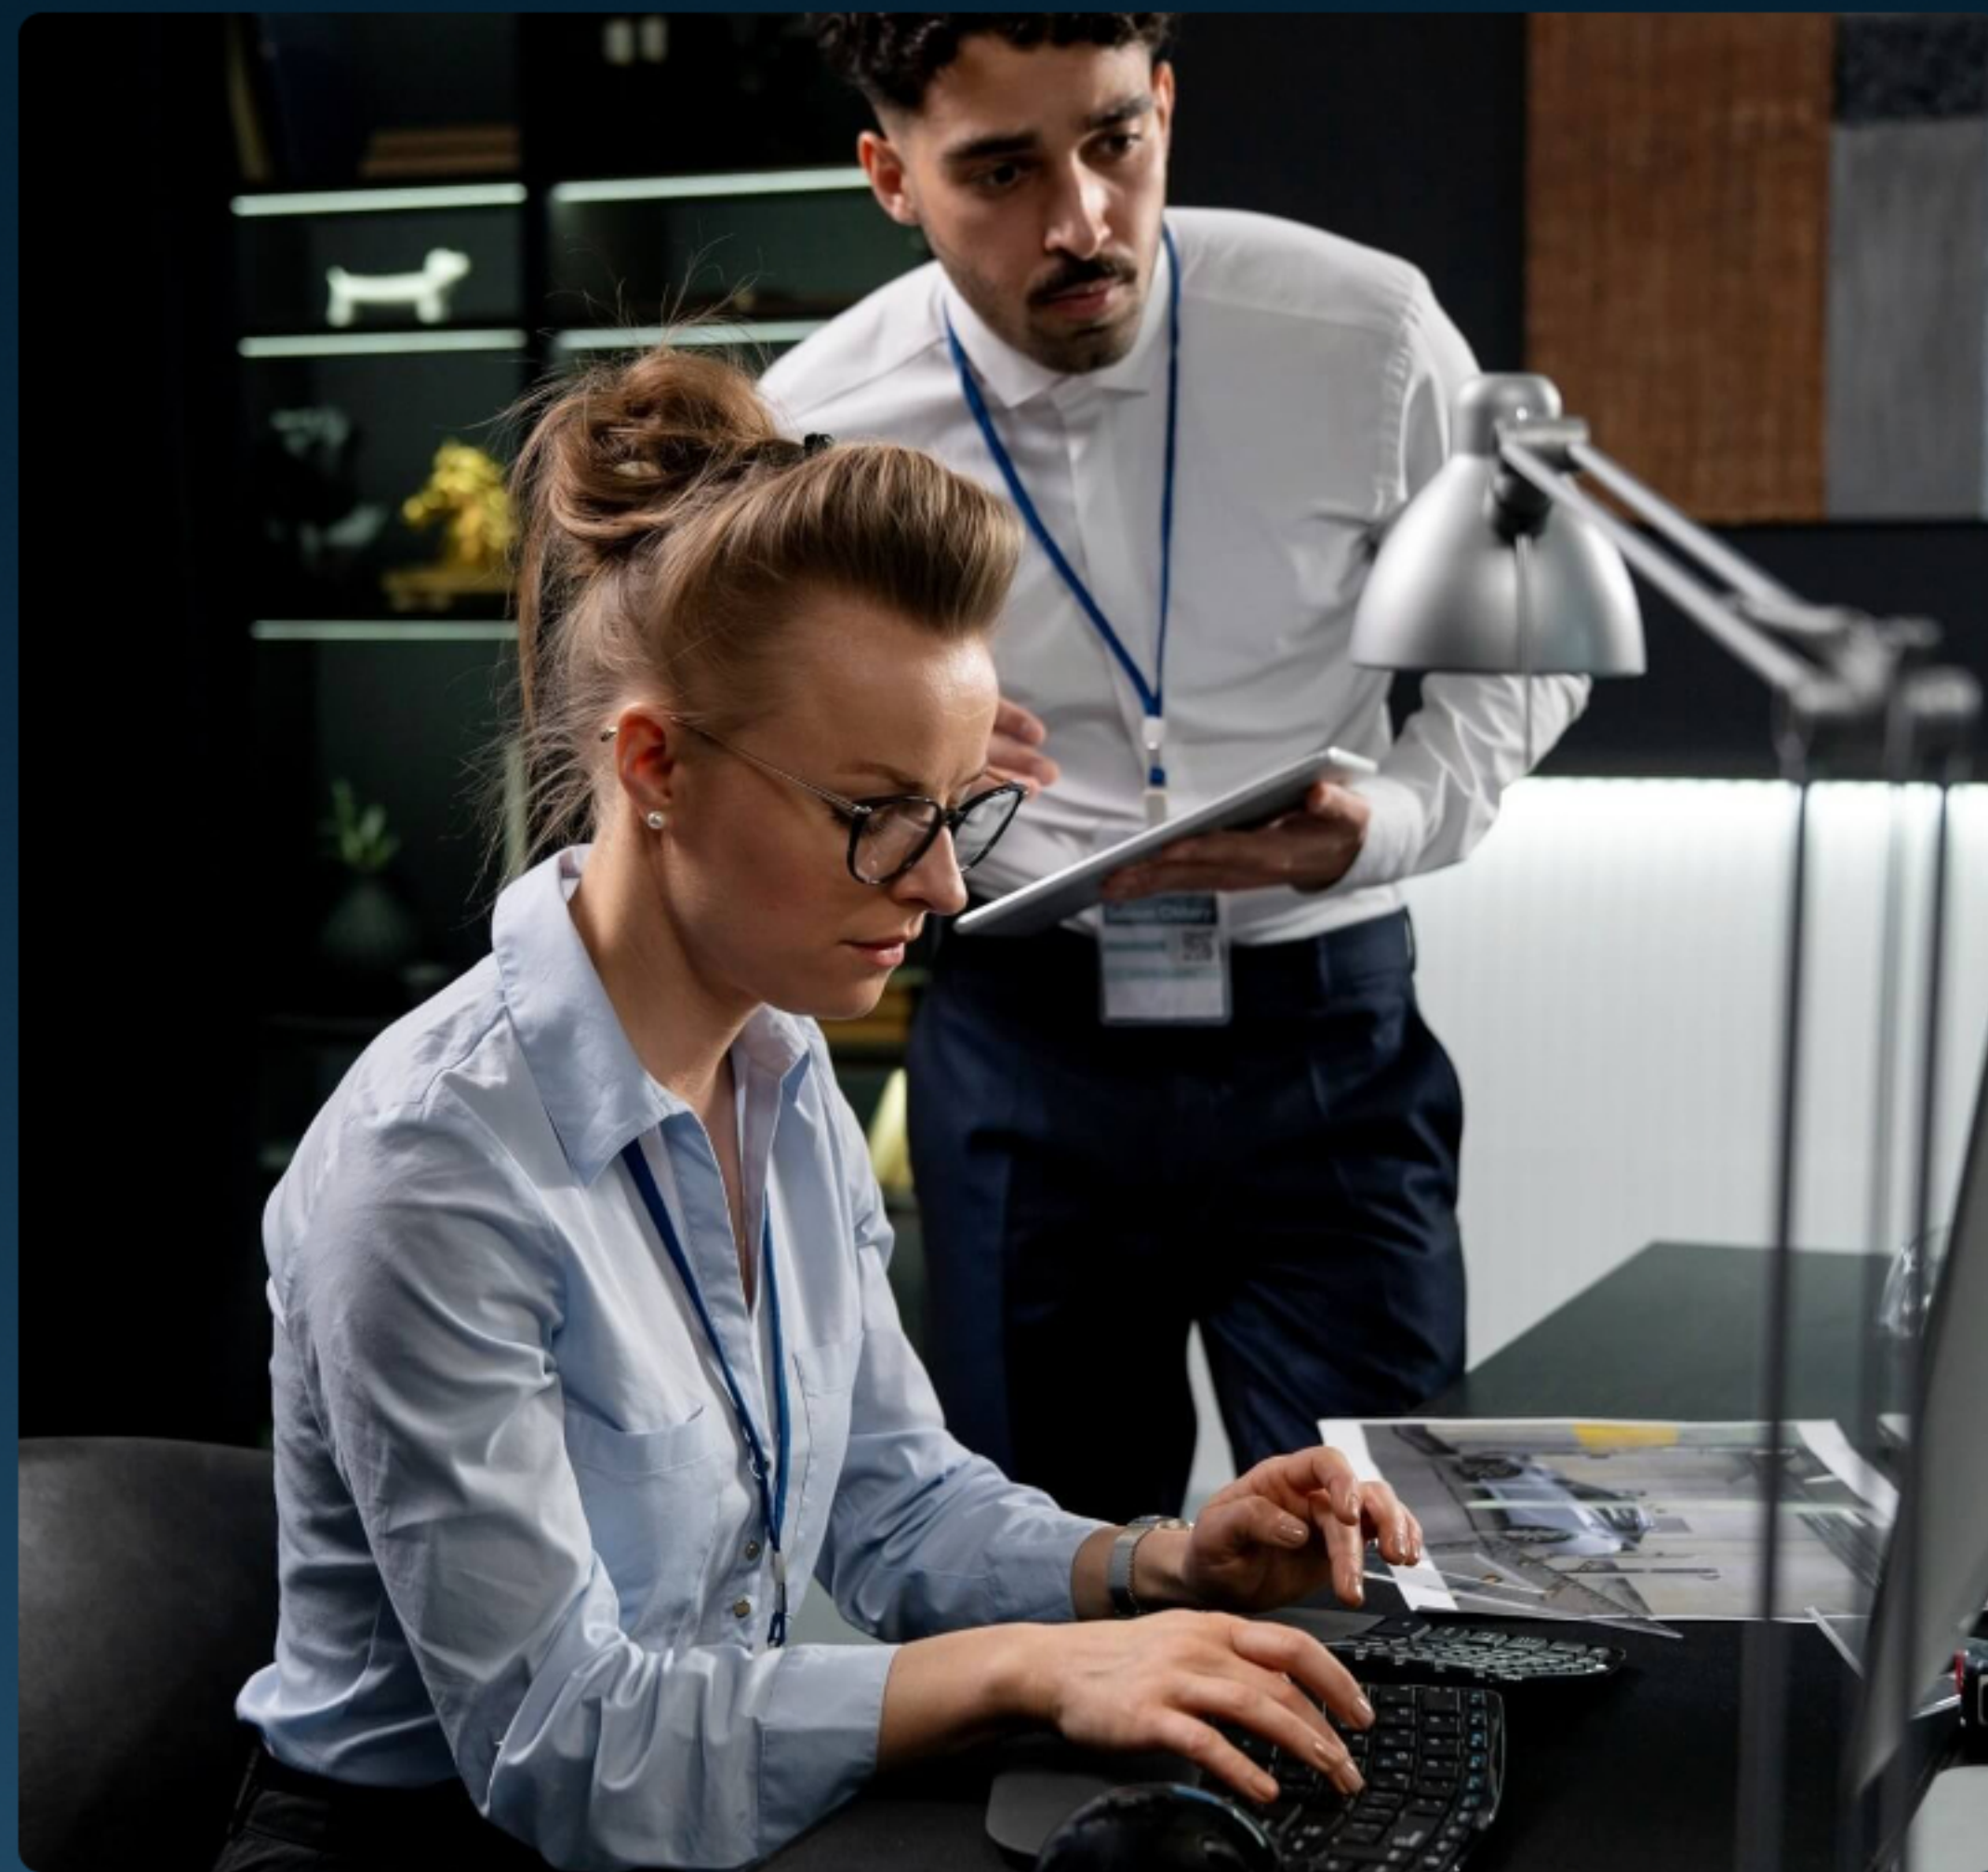

Backup & Security

From accidental deletions to full-blown cyberattacks, we've got you covered. Your data is automatically backed up and secured with enterprise-grade protection, monitored around the clock.

Cloud Solutions

Say hello to flexibility. Our cloud-based solutions give you secure access to files, apps, and data—anytime, anywhere. Whether you're at home, onsite, or on the go.

IT - *Reimagined*

At Redux Technology Consulting, we specialize in providing reliable and scalable Managed IT Services tailored to support your business's evolving needs. Our team of certified experts delivers proactive IT management, monitoring, and support, allowing you to focus on growing your business while we handle your technology.

We offer end-to-end IT solutions including:

- 24/7 Network Monitoring & Support
- Cloud Infrastructure Management
- Data Backup & Disaster Recovery
- Cybersecurity & Compliance Services
- IT Help Desk Support
- System Upgrades & Patch Management

Not Just *Support* – A Partner in Every *Click*

Always-On IT Help

No matter when you run into trouble—early mornings, late nights, weekends—we're ready to jump in remotely and get you back on track fast. Because downtime isn't an option in healthcare.

Built-In Protection from Day One

Cyber threats evolve, so do we. With proactive security baked into your setup, you get powerful tools that block breaches, secure sensitive data, —without lifting a finger.

Flat Fees, No Guesswork

Say goodbye to surprise IT bills. Our simple, monthly pricing makes planning easy—so you can budget confidently and reinvest in what matters most: patient care, staff, and growth.

Real Advice, Real Results

Consulting shouldn't stop at buzzwords and best practices. Our strategies are built to drive real outcomes—solving problems, unlocking efficiencies, and making your IT actually work for your business.

Strategic IT, Not Just Support

True technology partners don't just fix problems—they help you plan, grow, and scale smarter every step of the way.

Solutions That Move With You

Business doesn't stand still. Your IT shouldn't either. Our solutions adapt as you evolve, so you're always ready for what's next.

Get the *Support* and *Guidance* Your Business *Deserves*
