WELCOME TO CAM CARE SECURITY

SMART SECURITY SOLUTIONS FOR MODERN SPACES

Your trusted partner for professional CCTV installation, maintenance, and advanced security solutions in Auckland. We specialize in high-quality surveillance systems for homes, offices, retail shops, warehouses, and commercial properties. Our expert team provides reliable CCTV cameras, remote viewing setup, WiFi solutions, and point-to-point connectivity to keep your property secure 24/7.

At Cam Care Security, we focus on clear video quality, smart monitoring, and user-friendly systems that give you complete peace of mind. Whether you need a new installation, system upgrade, or ongoing maintenance support, we deliver affordable and customized security solutions tailored to your needs.

We use trusted brands and modern technology to ensure strong network performance and long-term reliability. Customer satisfaction and safety are our top priorities. Protect what matters most with professional security services from Cam Care Security — your safety is our commitment.

OUR SERVICES

WHAT WE OFFERED?

CCTV Installation & Maintenance

We provide professional CCTV installation and maintenance services to protect your home and business with reliable, high-quality security systems. Our expert team installs advanced surveillance cameras, including HD and IP cameras, ensuring clear video monitoring day and night.

WiFi Installation & Support

We provide reliable WiFi support services to ensure fast, stable, and secure internet connectivity for homes and businesses. Our team specializes in WiFi installation, router setup, network configuration, and signal optimization to deliver strong coverage in every corner of your property.

Point-to-Point Connectivity

We provide professional Point-to-Point connectivity solutions using Ubiquiti wireless link systems. Our team installs and configures reliable outdoor devices such as airMAX and NanoBeam units to create strong, long-distance wireless connections between buildings, offices, warehouses, and remote sites.
